

ADACORSA PROJECT

About us

Consortium: 50 Partners
Budget: 41,6 Mill. EUR
Work effort: 4564 PM
Structure: 8 WP and 10 SC

Our goal is to

Unlock potential in long-range
drone operations

Contribute to higher public and
regulatory acceptance of drone
use

Further strengthen integration
of automotive and drone
industry

Making drones safe
and vehicles for
observation,
analysis, or
transport in BVLOS
operations.

ADACORSA received funding
from the ECSEL JU under grant
agreement No 876019.
